MEMORANDUM FOR THE RECORD

Morning Meeting of 1 March 1967

[REDACTED] 25
[REDACTED] 25

Kent said that the multiple orbiting and fractional orbiting bombardment systems memorandum will not be at issue at USIB.

DD/S informed the Director of plans to repair the main power transformer over the next nine Sundays.

Warner reported that Congressman Mahon wishes to hold the Agency's supplemental hearing tomorrow at 0900. The Director noted that the Executive Director and Bill Colby will accompany him.

DDCI proposed with the Director's permission to establish a senior executive group for the purpose of examining organizational problems and advising the Director. The Director agreed.

The Director discussed the change in deadline for the PDB starting next Monday. He felt that there is no need to change the character of the publication or its dissemination. He will talk further with Godfrey before Monday.

The Director discussed this morning's press coverage on the Agency's report, The USSR: About to Enter the Automotive Age? He decided that there will be no more unclassified intelligence reports with a CIA label released without his specific authorization.

The Director noted a report from the Agency's regional officer in Danang on the mode of transportation of the 140 mm. rockets and canisters. He asked that this report be clarified.
